Description of Andornaktjlya's Coat-of-Arms

(1) $\hat{A} \hat{A} \hat{A} \hat{A}$

AndornaktŰjlya's coat-of-arms is based on the old coat-of-arms of the MocsŰjry family and also the history, culture and traditions of the village.

(2) The body of the coat-of-arms is shield shaped and divided into two parts. In the dark blue part there is a

yellow standing lion with its mouth open, its red tongue put out, and its curved, double tail ending in brushes sticking out. In the light, silver part there is a vine on a stock with leaves and grapes evenly on each side representing viniculture, the typical agricultural activity of the area. At the top of the shield there is a tournament helmet. The sides are artistically decorated with gold and red bay leaves. Under the shield we can read 'AndornaktÅilva' on a ribbon.

(3) The meaning of the colours in the coat of arms can be interpreted as follows:

·ÂÂÂ
Gold (Sun): sense,
intellect, faith, authority, virtue and chastity;

·ÂÂ
Silver (Moon): wisdom,
purity, innocence, and prudence;

Red (Mars):
patriotism, self-sacrifice, willingness to act and generosity;

Blue (Jupiter):
freedom, love, hope, happiness, beauty and health.
